PROGETTI architettonici **STONETALK**

Una riflessione sulla forza primitiva ed essenziale della pietra e sulle differenti finiture che originano dalle sue diverse lavorazioni, ecco a cosa si ispira la collezione Stonetalk. Il risultato è una pietra "archetipo", protagonista e discreta allo stesso tempo, destinata ad assumere diversi aspetti in superficie a seconda delle lavorazioni effettuate. Stonetalk mette in scena l'autenticità e la capacità di cogliere i dettagli più sorprendenti delle lavorazioni della pietra, capace di raccontarsi e di valorizzare la fisicità dell'opera architettonica, concreta, essenziale e funzionale. Ogni lavorazione trasforma la pietra rendendola ideale a differenti utilizzi. Una collezione completa di elementi per poter creare un dialogo armonioso tra ambienti interni e spazi esterni, e tecnica a tal punto da superare tutti gli standard internazionali richiesti dalla moderna progettazione.

4 ARCHITECTURAL PROJECTS

A reflection on the primitive and minimalist form of stone and on the different finishes that originate from the different ways of working this material: this is what inspired the Stonetalk collection. The result is an "archetypal" stone, a shining star, yet discreet at the same time, destined to assume different appearances in surfaces depending on the way it is worked.

Stonetalk features the authenticity and the ability to pick up and focus on the most surprising details of stone working, able to illustrate and enhance the physical side of a work of architecture: concrete, essential, functional. Each process transforms the stone, making it ideal for different uses.

A complete collection of elements that creates a harmonious dialogue between indoor and outdoor spaces, and technical to the point of passing all international standards required by modern design.

3 FINITURE

MINIMAL - MINIMAL LAPPATO MINIMAL TECNICA

Dall'attenta selezione di rigorose superfici della pietra nasce la Minimal; elegante e preziosa nella versione lappata, essenziale e funzionale in quella tecnica.

MARTELLATA MARTELLATA TECNICA

La martellata prende vita dalla lavorazione di martellatura sulle superfici più venate della pietra. La texture così assume una nuova dinamicità fluida e variegata. Nella versione tecnica la superficie è particolarmente antiscivolo, tanto da renderla perfetta per spazi esterni, pubblici e privati.

Rullata

Con un effetto scanalato e sfaccettato sulla superficie ottenuto con il processo di rullatura, questa versione assume un look tridimensionale di grande impatto visivo, ideale soprattutto a rivestimento.

5 COLORI

Ciascuna versione è sviluppata in una palette cromatica di 5 nuance dove il bianco è l'elemento che, per contrasto e complementarità, si abbina sia ai colori caldi, sia alle tonalità fredde.

5 COLOURS
Each version is developed in a colour range of 5 shades, where white is the element that, by contrast and complementary nature, combines with both warm shades and with cold tones.

3 FINISHES
MINIMAL VERSION - MINIMAL LAPPATO
VERSION -
MINIMAL TECNICA 
From the careful selection of rigorous stone surfaces comes Minimal; elegant and precious in the semi-polished version, minimalist and functional in the technical version.

MARTELLATA VERSION - MARTELLATA TECNICA 
The hammered version comes about from the hammering process on the most veined surfaces of the stone. The texture thereby assumes a new fluid and varied dynamic. In the technical version, the surface has outstanding anti-slip properties, making it perfect for public and private outdoor areas.

RULLATA VERSION
With a grooved and faceted effect on the surface obtained through the rolling process, this version assumes a three-dimensional look with a strong visual impact, particularly ideal for wall tiles.

20MM

ESTETICA E PRESTAZIONI.

Stonetalk 20mm assicura l'equilibrio ideale tra ricercatezza estetica e prestazioni tecniche elevate nelle più svariate ambientazioni esterne.

Alla possibilità di realizzare percorsi, camminamenti e altre soluzioni progettuali outdoor in piena armonia con l'ambiente circostante e in assoluta continuità con gli spazi interni, si aggiunge la garanzia di impiego di un materiale eccezionalmente resistente ai carichi e a tutti i tipi di agenti atmosferici.

Facile da posare a secco su erba, sabbia e ghiaia, Stonetalk 20mm può essere incollato anche su massetto, permettendo di realizzare pavimentazioni carrabili o altre soluzioni nell'ambito di spazi commerciali e pubblici soggetti a elevato traffico e si presta alla perfezione alla realizzazione di pavimenti sopraelevati.

Stonetalk 20mm è la soluzione ideale per progettare con stile, senza rinunciare alle esigenze tecniche richieste dall'architettura contemporanea.

20MM

HIGH-PERFORMING GOOD LOOKS.

Cornerstone 20mm delivers the ideal combination of exquisite appearance and outstanding technical performances in the most widely varying outdoor locations.

Paths, pavements and other outdoor solutions that merge perfectly into the surrounding environment and seamlessly continue indoor design schemes can be created with a material offering exceptional resistance to loads, weather and other atmospheric factors.

Easily installed dry on grass, sand and gravel, Cornerstone 20mm can also be glued to concrete screeds for vehicle-resistant pavings, or for other projects in commercial or public contexts with heavy traffic, and is perfect for raised floors.

Cornerstone 20mm enables stylish design solutions while meeting all the technical demands of contemporary architecture.

P.1
4 ARCHITECTURAL PROJECTS
Une réflexion sur la force primitive et essentielle de la pierre, et sur les différentes finitions issues des divers façonnages : telle est la veine de la collection Stonetalk. Le résultat : une pierre « archétypale », à la fois actrice de premier plan et discrète, destinée à revêtir plusieurs apparences en surface, en fonction des façonnages. Stonetalk met en scène l'authenticité et cette capacité à saisir les détails les plus surprenants de la pierre, à se raconter et à valoriser la dimension physique de l'œuvre d'architecture, concrète, épurée et fonctionnelle. Chaque façonnage transforme la pierre, qui convient ainsi parfaitement à différentes utilisations. Une collection complète, dont chaque élément est à même d'instaurer un dialogue harmonieux entre les espaces intérieurs et extérieurs, et si technique qu'elle réussit à dépasser toutes les normes internationales imposées par la conception moderne.

P.2
3 FINITIONS
VERSION MINIMAL:
De la rigoureuse sélection des surfaces de pierre naît Minimal : élégante et précieuse en version rodée, épurée et fonctionnelle en version technique.
VERSION MARTELLATA:
La version Martellata est issue du façonnage par martelage des surfaces de la pierre qui présentent davantage de veines. La texture prend ainsi une nouvelle dimension dynamique, fluide et variée. La surface particulièrement antidérapante de la version technique en fait la solution parfaite pour les espaces extérieurs, publics et privés.
VERSION RULLATA:
Obtenu par traitement au rouleau, l'effet rainuré, aux multiples facettes, des surfaces apporte à cette version un aspect tridimensionnel à l'effet visuel puissant, idéal notamment pour le revêtement mural.

P.3
5 COULEURS
Chacune des versions se décline en une palette de couleurs de 5 nuances, où le blanc, par contraste et complémentarité, s'associe aux couleurs chaudes comme aux couleurs froides.

P.1
4 ARCHITECTURAL PROJECTS
Die urwüchsige Kraft und schlichte Gestalt des Natursteins mit seinen durch verschiedene Bearbeitungsarten entstandenen Oberflächen dienten als Inspirationsquelle für die Kollektion Stonetalk. Das Ergebnis ist ein „urbildlicher“ Stein, dominierend und gleichzeitig diskret in seiner Art, dessen Oberfläche je nach Art der Bearbeitung ein unterschiedliches Aussehen bekommt. Stonetalk inszeniert den authentischen Charakter und die überraschender Details der Bearbeitungen des Natursteins, der von sich erzählen und die physische Gestaltung des Bauwerks auf konkrete, schlichte und funktionelle Art aufwerten kann. Jede Bearbeitung verwandelt den Stein und macht ihn perfekt für die unterschiedlichen Verwendungen. Eine umfassende Kollektion, die einen harmonischen Übergang zwischen Innen- und Außenräumen ermöglicht, und die technisch so ausgereift ist, dass sie alle internationalen Standards, die im Rahmen einer modernen Planung gefordert werden, übertrifft.

P.2
3 OBERFLÄCHEN
VERSION MINIMAL:
Minimal basiert auf der sorgfältigen Auswahl streng wirkender Steinoberflächen. Sie ist elegant und edel in der geläpften Version, schlicht und funktionell in der technischen Version.
VERSION MARTELLATA:
Diese Version ist dem Oberflächenbild des Steins nachempfunden, wenn die am stärksten geäderten Flächen gehämmert werden. Die Textur erhält eine neue, flüssige und vielgestaltige Dynamik. In der technischen Version ist die Oberfläche besonders rutschhemmend gestaltet, so dass sie sich sehr gut für öffentliche und private Außenbereiche eignet.
VERSION RULLATA:
Mit gerillter, facettenreicher Oberfläche, die durch ein Walzverfahren erzielt wird. Diese Version eignet sich durch ihre dreidimensionale, prägnante Optik besonders gut für Wandverkleidungen.

P.3
5 FARBEN
Jede Version ist in einer Farbpalette mit 5 Nuancen konzipiert, wobei das Element Weiß durch Kontrast oder Komplementarität sowohl mit den warmen als auch kalten Tönen harmoniert.

P.1
4 ARCHITECTURAL PROJECTS
La colección Stonetalk arranca de una reflexión acerca de la fuerza primitiva y esencial de la piedra y sobre los diferentes acabados originados a partir de las varias elaboraciones. El resultado es una piedra "arquetipo", protagonista y discreta al mismo tiempo, destinada a adquirir aspectos distintos en la superficie en función de las elaboraciones aplicadas. Stonetalk exhibe la autenticidad y la capacidad de captar los detalles más asombrosos de las elaboraciones de la piedra, que sabe hablar de sí misma y dar valor a la corporeidad de la obra arquitectónica, concreta, esencial y funcional. Cada elaboración transforma la piedra convirtiéndola en ideal para diferentes empleos. Una colección completa dotada de elementos que permiten establecer un diálogo armonioso entre ámbitos interiores y espacios exteriores y técnica hasta el punto de superar todos los estándares internacionales exigidos por la proyección moderna.

P.2
3 ACABADOS
VERSIÓN MINIMAL:
Dde la cuidadosa selección de rigurosas superficies de la piedra nace la versión Minimal, elegante y preciosa en su variante esmerilada, austera y funcional en su versión técnica.
VERSIÓN MARTELLATA:
La versión Martellata cobra vida a partir de la elaboración de martilleado sobre las superficies más veteadas de la piedra. La textura, de este modo, adquiere un nuevo dinamismo, fluido y variegado. En la versión técnica la superficie ofrece unas excelentes propiedades antideslizantes, que la hacen perfecta para espacios exteriores, públicos y privados.
VERSIÓN RULLATA:
Con un efecto estriado y tallado en la superficie que se logra mediante la aplicación de un rodillo, esta versión adquiere una imagen tridimensional de gran impacto visual, ideal sobre todo en la realización de revestimientos.

P.3
5 COLORES
Cada una de las versiones se desarrolla en una paleta cromática de cinco matices en la que el blanco es el elemento que, por contraste o complementariedad, se combina tanto con colores cálidos como con tonos fríos.

4 ARCHITECTURAL PROJECTS
Размышление о примитивной и суровой силе камня, а также о различных отделках, которые берут начало в его разнообразных обработках - вот где черпает вдохновение коллекция Stonetalk. Результатом является камень-«архетип», видный и вместе с тем скромный, поверхность которого принимает разный вид, зависящий от выполненной обработки. Stonetalk предлагает натуральность и способность улавливать самые удивительные детали обработки камня, способные рассказать о себе и по достоинству оценить конкретную, строгую и практичную сущность архитектурного творения. Любая обработка трансформирует камень, превращая его в идеальный материал для разнообразных применений. Полная коллекция элементов для ведения гармоничного диалога между внутренними и наружными пространствами, технически совершенная настолько, что превосходит все международные стандарты, действующие в современном проектировании.

P.2
3 ОТДЕЛКИ
ВЕРСИЯ MINIMAL:
В результате тщательного отбора строгих поверхностей камня появилась на свет Minimal - элегантная и престижная в шлифованной версии, строгая и функциональная в технической.
ВЕРСИЯ MARTELLATA:
Martellata получается при обработке молотком поверхности камня с наибольшим присутствием прожилок. Таким образом, текстура обретает новую плавную и разнообразную динамичность. В технической версии поверхность является в наивысшей степени нескользкой, что делает ее пригодной для наружных, общественных и частных пространств.
ВЕРСИЯ RULLATA:
с рельефным эффектом на поверхности, полученным в процессе накатки. Эта версия приобретает объемный вид с выраженным зрительным эффектом, который хорошо подходит прежде всего для облицовки стен.

P.3
5 ЦВЕТА
Каждая версия разработана с палитрой из 5 цветов, в которых белый может контрастировать или же дополнять, сочетаясь как с теплыми цветами, так и с холодными тонами.

20MM

ESTHÉTIQUE ET PERFORMANCE. Stonetalk 20mm instaure l'équilibre idéal entre raffinement esthétique et haute performance technique dans les contextes les plus disparates. Il est ainsi possible de réaliser des parcours, des cheminements et d'autres projets extérieurs en totale harmonie avec le milieu environnant et en continuité visuelle avec l'intérieur. De plus, la matière assure une résistance exceptionnelle aux charges et à tous les agents atmosphériques. Facile à poser à sec sur gazon, sur sable et sur gravier, Stonetalk 20mm se colle aussi sur chape pour composer des sols carrossables ou d'autres solutions dans les espaces commerciaux et publics exposés à trafic intense. Le produit convient également parfaitement à la mise en place de planchers surélevés. Stonetalk 20mm est le nec plus ultra pour donner corps à des projets de classe, tout en remplissant les critères techniques de l'architecture contemporaine.

20MM

ÄSTHETIK UND LEISTUNGEN. Stonetalk 20mm gewährleistet den perfekten Einklang zwischen ausgefeilter Ästhetik und hohen technischen Leistungen in verschiedensten Außenräumen. Die Möglichkeit zu Gestaltungslösungen für den Außenbereich wie etwa Fahr- und Gehwege, die sich harmonisch in die Umgebung einfügen und eine nahtlose optische Einheit mit den Innenräumen bilden, ist mit der Garantie eines außergewöhnlich belastungsfähigen und witterungsbeständigen Materials verbunden. Leicht verlegbar im Gras-, Sand- oder Kiesbett, kann Stonetalk 20mm auch auf Estrich verklebt werden. Die Kollektion eignet sich nicht nur für Bodenbeläge oder andere Lösungen in stark frequentierten gewerblichen und öffentlichen Bereichen, sondern ist auch zur Erstellen von Doppelböden perfekt. Stonetalk 20mm ist die ideale Lösung für eine stilsichere Gestaltung und erfüllt die technischen Anforderungen der modernen Architektur.

ЭФФЕКТНАЯ ЭСТЕТИКА И ВЫСОКИЕ ХАРАКТЕРИСТИКИ. Stonetalk 20mm гарантирует достижение идеального равновесия между эстетической изысканностью и высокими техническими характеристиками в самых разнообразных наружных оформлениях. К возможности создания дорожек, тротуаров и других проектных решений для наружных пространств в полной гармонии с окружающей средой и с полной взаимопреemptивностью с внутренними пространствами добавляется гарантия использования материала, который чрезвычайно устойчив к нагрузкам и всем типам атмосферного воздействия. Материал Stonetalk 20mm легко укладывается всухую на траву, песок и щебень, а также его можно наклеивать на бетонную стяжку, что позволяет изготавливать полы, пригодные для движения транспортных средств, или же другие решения на торговых и общественных объектах с высокой интенсивностью движения, а кроме того, он может великолепно использоваться для изготовления фальшполов. Stonetalk 20mm - это наилучшее решение для проектирования с хорошим стилем, не отказываясь от технических необходимостей, которые востребованы современной архитектурой.
